

# *What's Special About our CGS Facebook Page?*

The CGS Facebook Page keeps followers updated on our latest news, events and special offers. It provides an opportunity for carnival glass lovers to chat about recent finds, ask questions and join in entertaining challenges which Dave, our Facebook Administrator, puts out from time to time.

**What's special about the Carnival Glass Society's Facebook Page are the amazing graphics Dave puts together to celebrate an occasion or an event which brighten up any follower's day.**

Dave also applies this creativity to articles he writes for our CGS Newsletter which combines a unique and varied combination of original research, beautiful photographs, fun snippets and stories from our members.
